**ONE HOUR A DAY.**

A Suggestion How to Increase the Pleasures of Life

This suggestion is only meant for people who love music. If you do not like music don't read this. No doubt you have attended a concert given by some great musician like Paderewski, Sauer, Rosenthal, Mills or Von Bulow. You have paid a good sum for an hour's enjoyment of good music. You have gone home benefited, pleased, blessed and ennobled by the exalting effect of magnificent music. Why don't you add at least one hour like that to every day of your life? You can readily do it. The means and opportunity are at hand. Buy a Pianola and put it in your house. The Pianola does all the fingering for you, and by means of it you can immediately, without previous practice, play on any piano any piece that has ever been written. You can play for yourself everything that you heard Paderewski or any one else play. You will be astonished.

Pianola, in Connection with Grand Piano, Price, \$250.
